Honorable Commissioner for Patents
U.S. Patent and Trademark Office
2011 South Clark Place

Crystal Plaza Two, Lobby, Room 1B03

Sir:

In checking over the printed copy of the above-identified patent, we have found the following error that is not the fault of the Patent and Trademark Office. It is respectfully requested that this error be corrected in accordance with 37 CFR §1.323.

The error to be corrected is the dependency of patent claim 38.

In the amendment filed February 9, 2004, new application claims 59-76 were added. Application claims 61-66 all concerned predetermined peak molecular weights of the conjugate of claim 1. However, the dependency of application

claim 66 inadvertently listed claim 61, instead of claim 1. Application claim 61-66 are now patent claims 33-38. It is requested that the dependency of patent claim 38 be corrected to cite "claim 1" and not "claim 33".

When the change is considered, it will be clear that the error is of a typographical or clerical error in nature and/or of minor character, which occurred in good faith. Correction thereof does not involve such changes in the patent as would constitute "new matter" or would require re-examination.

Attached please find PTO Form 2038 authorizing payment in the amount of \$100.00 to cover the appropriate fee for corrections under 37 CFR §1.323. If insufficient fees are specifically authorized, please charge same to Deposit Account No. 02-4035.

We are also attaching one copy of the Certificate of Correction form.

Granting of this request is earnestly solicited.

Respectfully submitted,
